Services Turnover, Employment, Wages and salaries and Hours worked Indexes May 2008

Services turnover negative in May

In May 2008, services turnover year-on-year rate of change was at -0.9%, down by 6.1 percentage points compared with April. This decline was partially due to calendar effects. Employment and Wages and salaries rose by 1.1% and 3.5%, respectively. Hours worked decreased 2.6%.
