

Statistical Yearbook of Portugal
2019 (2020 edition)

Statistical Yearbook of Portugal: the 2020 edition is already available

The most recent Statistical Yearbook of Portugal (SYB), a compendium of official statistical information and a reference publication, is available for those wishing to obtain, in a single volume, a complete multidimensional statistical portrait of the country, through various statistical analyses.

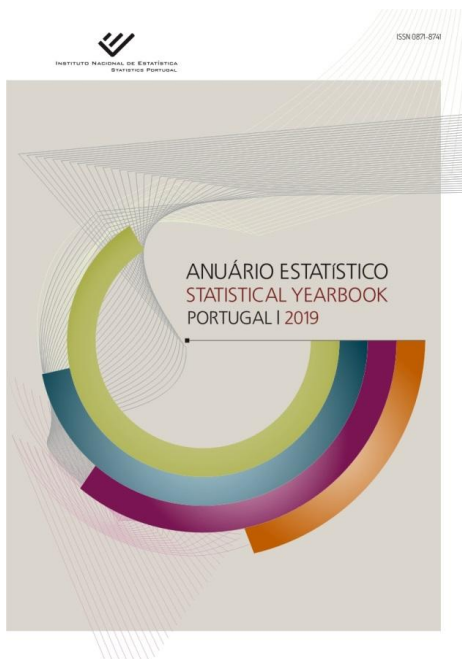

The information available in the SYB 2019 generally refers to data available on 15 June 2020 and presents, in each subchapter, a summary statistical analysis, and an infographics page, allowing a quick perception of the phenomena highlighted.

Statistical Yearbook of Portugal celebrates its 111th edition

This edition of the Statistical Yearbook of Portugal (SYB) is the 111th edition of this publication, its first edition having been published in 1877, with data from 1875.

The SYB 2019 is organized in 30 subchapters, distributed in 4 thematic groups (The Territory, The People, The Economic Activity and The State), reporting to data available as of 15 June 2020.

This edition presents, in each subchapter, a synthetic statistical analysis, and an infographics page, allowing a quick perception of the phenomena highlighted.

At Statistics' Portugal website (www.ine.pt), the statistical information on the SYB is also available in XLS/CSV tables, which present extended time series and a geographical breakdown at NUTS I and II levels, allowing for chronological and geographical comparability.

The indicators presented in each subchapter have a link to Statistics Portugal's Dissemination Database, which is regularly updated, making it possible to consult the most recent data at any time, as well as methodological notes.

To promote statistical literacy among the younger generations, and citizens in general, the SYB is offered to public and private secondary education institutions, as well as to all municipal libraries.

The SYB is available in paper and PDF, in a bilingual version (Portuguese/English). In the "Publications" menu of the Statistics

Portugal website, one can access the editions of the SYB since 2001. Previous editions, back to 1877, are available in the Digital Library.
