

02 December, 2008

TRANSPORT ACTIVITY

I. Transport by water, air and rail (January to September 2008)

II. Transport of goods (January to June 2008)

Movement of Passengers in National Airports upwards 3.9%

From January to September 2008, about 22 million passengers travelled through Portuguese airports, corresponding to a slower 3.9% rise towards the same period of 2007. In the airports of Lisbon and Oporto the movement of passengers rose by 3% and 16% respectively, while in the airport of Faro the movement slightly decreased (-0.4%).
